

Filling the Gap - Summer Meals for Kids

NEK-CAP, Inc. and the Kansas Food Bank are partnering together to provide summer meals for kids (age 1-18) in your community again this summer.

This program is offered in the counties of Jewell, Mitchell, Osborne, Republic, Smith and Washington ~ with the help of local health departments and hunger advocates, we are able to “fill the gap” and provide missing summer meals to children at risk of going hungry when school is not in session. Shelf-stable, prepackaged meals are provided for free to enrolled youth weekly for a total of 10 weeks through this program.

Applications for 2025 Filling the Gap Program will be taken online ~
(Limited availability per site, based on a first come, first served basis for those who qualify. Applications are due by April 6th)
